## PROFESSIONAL SUMMARY

---

Results-driven **Data Analyst** skilled in **SQL, Python (Pandas, NumPy), Excel, and Power BI**. Experienced in **Data Cleaning, EDA, Data Visualization, and Dashboard Development** to analyze **large datasets (10,000+ records)** and generate actionable insights. Strong in **KPI tracking, statistical analysis, and data-driven decision-making**.

## TECHNICAL SKILLS

---

|                            |                                                                                                                   |
|----------------------------|-------------------------------------------------------------------------------------------------------------------|
| <b>Data Analysis:</b>      | Data Cleaning, Data Wrangling, EDA, Statistical Analysis, Hypothesis Testing, Trend Analysis, Data Interpretation |
| <b>Programming:</b>        | Python (Pandas, NumPy), SQL (Joins, Subqueries, CTEs, Window Functions), Basic R                                  |
| <b>Data Visualization:</b> | Power BI, Matplotlib, Seaborn, Dashboard Development                                                              |
| <b>Tools:</b>              | Excel (Pivot Tables, VLOOKUP, INDEX-MATCH, Data Analysis Tool-Pak), Google Sheets, Jupyter Notebook, GitHub       |
| <b>Concepts:</b>           | Data Modeling, ETL (Extract, Transform, Load), KPI Tracking, Data Validation, Business Intelligence               |

## PROFESSIONAL EXPERIENCE

---

### Research Analyst Associate

2026

Learners Point Academy, Bangalore

- Processed and analyzed **12,000+ structured and unstructured data records** to generate operational insights.
- Performed **data cleaning, transformation, and validation** using Python and Excel, improving data accuracy by **25%**.
- Built **3+ interactive dashboards** in Power BI to track KPIs, reducing manual reporting effort by **35%**.
- Optimized data workflows and reporting processes, decreasing data processing time by **20%**.
- Wrote and optimized SQL queries to extract and analyze data, improving reporting efficiency and performance.
- Collaborated with **4+ stakeholders** to gather requirements and deliver data-driven insights for decision-making.

## DATA ANALYTICS PROJECTS

---

### Vendor & Inventory Performance Analysis

🐙 [github.com/nikitasharma-data27/Vendor-Analysis](https://github.com/nikitasharma-data27/Vendor-Analysis)

- Analyzed **5,000+ vendor and inventory records** to identify inefficiencies in procurement and stock management.
- Performed EDA and statistical analysis to evaluate pricing trends and inventory turnover rates.
- Identified **15% cost reduction opportunities** through vendor performance optimization.
- Developed Power BI dashboards to track **5+ KPIs**, improving procurement decision-making.

### Online Retail Sales Analysis

🐙 [github.com/nikitasharma-data27/sql-python-retail-analysis](https://github.com/nikitasharma-data27/sql-python-retail-analysis)

- Analyzed **10,000+ transactional records** using SQL and Python to identify customer behavior and sales trends.
- Wrote **complex SQL queries** (joins, aggregations, window functions) to evaluate revenue and retention metrics.

- Identified top-performing product categories contributing to **30% of total revenue**.
- Improved reporting insights by creating visualizations that enhanced decision-making speed by **25%**.

### Patient Wait List Analytics Dashboard

🔗 [github.com/nikitasharma-data27/Patient-Waiting-List-Power-BI](https://github.com/nikitasharma-data27/Patient-Waiting-List-Power-BI)

- Built an interactive Power BI dashboard analyzing **8,000+ patient records**.
- Used **DAX, Power Query, and ETL techniques** to transform and model healthcare data.
- Reduced reporting time by **40%** through automation and dashboard optimization.
- Tracked **department-level KPIs** to improve hospital resource planning and patient flow.

## EDUCATION

---

### Post Graduate Diploma in Applied Statistics (Ongoing)

Indira Gandhi National Open University

2026

### Bachelor of Science (Hons) Chemistry

University of Delhi

2024

## CERTIFICATIONS

---

- Google Data Analytics Professional Certificate – Coursera (**SQL, Data Cleaning, Data Visualization, EDA**)
- Deloitte Data Analytics Virtual Experience – Forage (**Data Analysis, Dashboarding, Business Insights**)
