PROFESSIONAL SUMMARY

Analytical **Business Analyst** with expertise in **data analysis, requirement gathering, KPI tracking, and business reporting**. Proficient in **SQL, Python, Excel, Power BI, and Jira** to analyze data and deliver actionable insights. Experienced in **dashboard development, stakeholder communication, and process improvement** to support data-driven decision making and business growth.

TECHNICAL SKILLS

Business Analysis:	Requirement Gathering, Business Requirement Document (BRD), KPI Tracking, Business Reporting, Stakeholder Communication, Process Improvement
Data Analysis:	Exploratory Data Analysis (EDA), Data Cleaning, Data Validation, Trend Analysis, Statistical Analysis
Visualization & Reporting:	Power BI, Dashboard Development, Data Storytelling
Data Tools:	SQL (Joins, CTEs, Aggregations), Python (Pandas, NumPy)
Tools:	Excel (Pivot Tables, VLOOKUP), Google Sheets, Jira (Agile Task Tracking), Jupyter Notebook, GitHub

PROFESSIONAL EXPERIENCE

Research Analyst Associate 2026
Learners Point Academy, Bangalore

- Analyzed and transformed **operational datasets** to support business reporting and performance tracking.
- Performed **data cleaning, validation, and preprocessing** using Excel and Python, ensuring **high data accuracy**.
- Designed and developed **dashboards and reports** tracking **5+ KPIs**, improving reporting efficiency by **20%**.
- Collaborated with stakeholders to **gather business requirements** and deliver **actionable insights**.
- Documented reporting workflows and implemented process improvements, increasing operational efficiency by **15%**.

BUSINESS ANALYTICS PROJECTS

Projects focused on solving business problems using data analysis, KPI tracking, and reporting to support data-driven decision making.

Vendor & Inventory Performance Analysis

🌐 github.com/nikitasharma-data27/Vendor-Analysis

- Evaluated vendor and procurement data to identify inefficiencies impacting **profitability, cost optimization, and supply chain performance**.
- Conducted **exploratory data analysis (EDA)** and statistical analysis to assess pricing trends, sales performance, and inventory turnover.
- Built **Power BI dashboards** tracking **10+ KPIs** including cost, revenue, and vendor performance metrics.
- Delivered **data-driven insights** to support **procurement strategy, pricing optimization, and business decision making**.

Online Retail Sales Analysis

🌐 github.com/nikitasharma-data27/sql-python-retail-analysis

- Analyzed **10,000+ transaction records** using **SQL and Python** to identify sales trends, customer be-

havior, and revenue patterns.

- Assessed **customer retention, product performance, and revenue distribution** to uncover growth opportunities.
- Generated **business insights** supporting **marketing strategy, sales optimization, and revenue growth**.

Patient Wait List Analytics Dashboard

🔗 github.com/nikitasharma-data27/Patient-Waiting-List-Power-BI

- Designed an interactive **Power BI dashboard** to monitor **hospital wait times, operational KPIs, and performance metrics**.
- Implemented **Power Query and DAX** for **data transformation, KPI tracking, and reporting automation**.
- Provided insights to improve **resource allocation, operational efficiency, and performance monitoring**.

EDUCATION

Post Graduate Diploma in Applied Statistics (Ongoing)

Indira Gandhi National Open University

2026

Bachelor of Science (Hons) Chemistry

University of Delhi

2024
